

Teargen

Povidone
Sterile Eye Drops

Presentation

Teargen: Each ml Sterile eye drops contains Povidone BP 50 mg.

Preservative: Benzalkonium Chloride 0.005%.

Excipients: Sodium Chloride, Sodium Lactate, Potassium Chloride, Calcium Chloride, Magnesium Chloride and Boric Acid.

Indications

Povidone is used for the symptomatic treatment of dry eye conditions including keratoconjunctivitis sicca. It is also given as a substitute of tear fluid in case of unstable tear film or insufficient moistening of the eye surface.

Dosage and Application

One drop four times daily or as required, depending upon the severity of the disease, to be instilled into the conjunctival sac.

Contraindications

This eye drop is contraindicated in patients with known hypersensitivity to any ingredient of the product.

Side Effects

Occasionally mild, transient burning or sticky sensation and very rarely irritation or hypersensitivity reactions reported. Blurred vision after application may occur.

Precautions

Patients, who experience blurred vision after application of the eye drops, should not drive or use machinery until their vision has cleared. Contact lenses should not be worn during instillation of the drug. After instillation, there should be an interval of at least 30 minutes before reinsertion.

Drug Interactions

If several medicines are to be administered to the eye, there should be an interval of at least 5 minutes between each application.

Use in Pregnancy and Lactation

There is no experience regarding the safety of the Povidone eye drops in human pregnancy or lactation. Administration during pregnancy and lactation is therefore not recommended, except for compelling reasons.

Over Dose

Not known and not likely.

Storage Conditions

Store in a cool and dry place away from light. Keep out of reach of children. Do not touch the dropper tip to surfaces since this may contaminate the solution. After one month of the opening do not use the medicine of dropper.

Commercial Pack

Teargen: Each plastic dropper bottle containing 10 ml sterile eye drops.
